

From support for a single incident, event, or project to fully-dedicated staffing, Paragon Risk Management has the expertise and resources to help identify, analyze, and mitigate the complex risks facing your organization.

ASSESS | DESIGN | DELIVER

Our decades of experience delivering award-winning protective and investigative services to the U.S. Government and cleared industry, coupled with the 170 years of legacy and institutional knowledge of our affiliate, **Pinkerton**, the industry leader in comprehensive risk management services, makes us uniquely qualified.

We combine highly trained and knowledgeable people, rigorous and time-tested processes, and innovative technology to assess your organization's total risk perspective, design custom tailored security solutions, and deliver "boots on the ground" wherever and whenever you need them.
