

# TRACKTIK SHIFT APP

data security &  
privacy concerns

TrackTik SHIFT is an employee app that works in conjunction with TrackTik. The SHIFT app utilizes built-in GPS to ensure officers are clocking in and out of predetermined, approved geo-fenced areas that align with their assigned shift.

When officers clock out for breaks or at the end of their shift, any GPS tracking related to TrackTik and the SHIFT app are disabled.

**The SHIFT app DOES NOT collect any personal data from your mobile device. Any data collected is limited to crash log data, app-related diagnostics data, and app performance data.**

- All collected data is not shared with any 3rd party companies/organizations.
- All data is encrypted in transit.
- All data can be deleted at request.

## REMINDER

Use of the SHIFT app is completely voluntary and all users may opt out of using it.
